Other Products

WAX RESIST
AC302
16oz

Wax Resist is a water-based coating that acts to repel glaze and prevent color from adhering from the surface to which it is applied. As the kiln is fired the wax dissipates, leaving the surface beneath as it was prior to firing.

CLAY MENDER
AC306
2oz

Clay Mender is an "enhanced slip" that is intended to be used to repair or add attachments to greenware or bisque.
